Financial Report, August 1970-September 1971.

Category	Expenditure
Computer Service	$ 9,244.16
TTY and Phone	900.87
Supplies	214.83
Assistant	360.00
Other*	480.04
Subtotal	$ 11,200.40
Overhead	2,829.00
Total	$ 14,037.40

* mostly South Carolina tax charges

During this period, about 1321 terminal hours were logged by 152 different users After a small correction for the fact that computer bills are paid the month after the usage is logged, the average cost during the year was about $10.61/hr. and the annual cost per user was about $92.21.

General Electric Manuals.

The Computer Center has a few General Electric manuals left and offers them at the following special prices. Since the C-A-C and General Electric systems are essentially alike, these manuals may be of interest to bargain-minded users.

Time-Sharing Edit Commands - $.60
Introduction to Time-Sharing Fortran - $.50

Usage for the Year ending 31 August 1971.

Category	No. of Users	CPU Sec.	Connect Min.
